- Oil Exploration

IMC LIMITED COMPANY KANDLA

OUR CLIENT : JITENDRA KESHWANI

Why we are creating this Software?

- Currently IMC limited is using SAP software ..
- SAP's most features are useful for Purchase Related Task..
- But it is not very useful for Terminal Warehouse store's Each and Every items According to Departments And Terminal..
- As our Client require to Manintain Storing Each items According to Departments And Terminal manually That's Why We creating This Software

Proposed System

Benefits:

Store Facility

- Stores Departments Terminal wise
- Stores Items Department wise

Security

- Only Admin can Access All things
- Other users can access only Their tasks

Inward

- Maintain Inward
- Maintain Suppliers Who Supplies Products

Outward

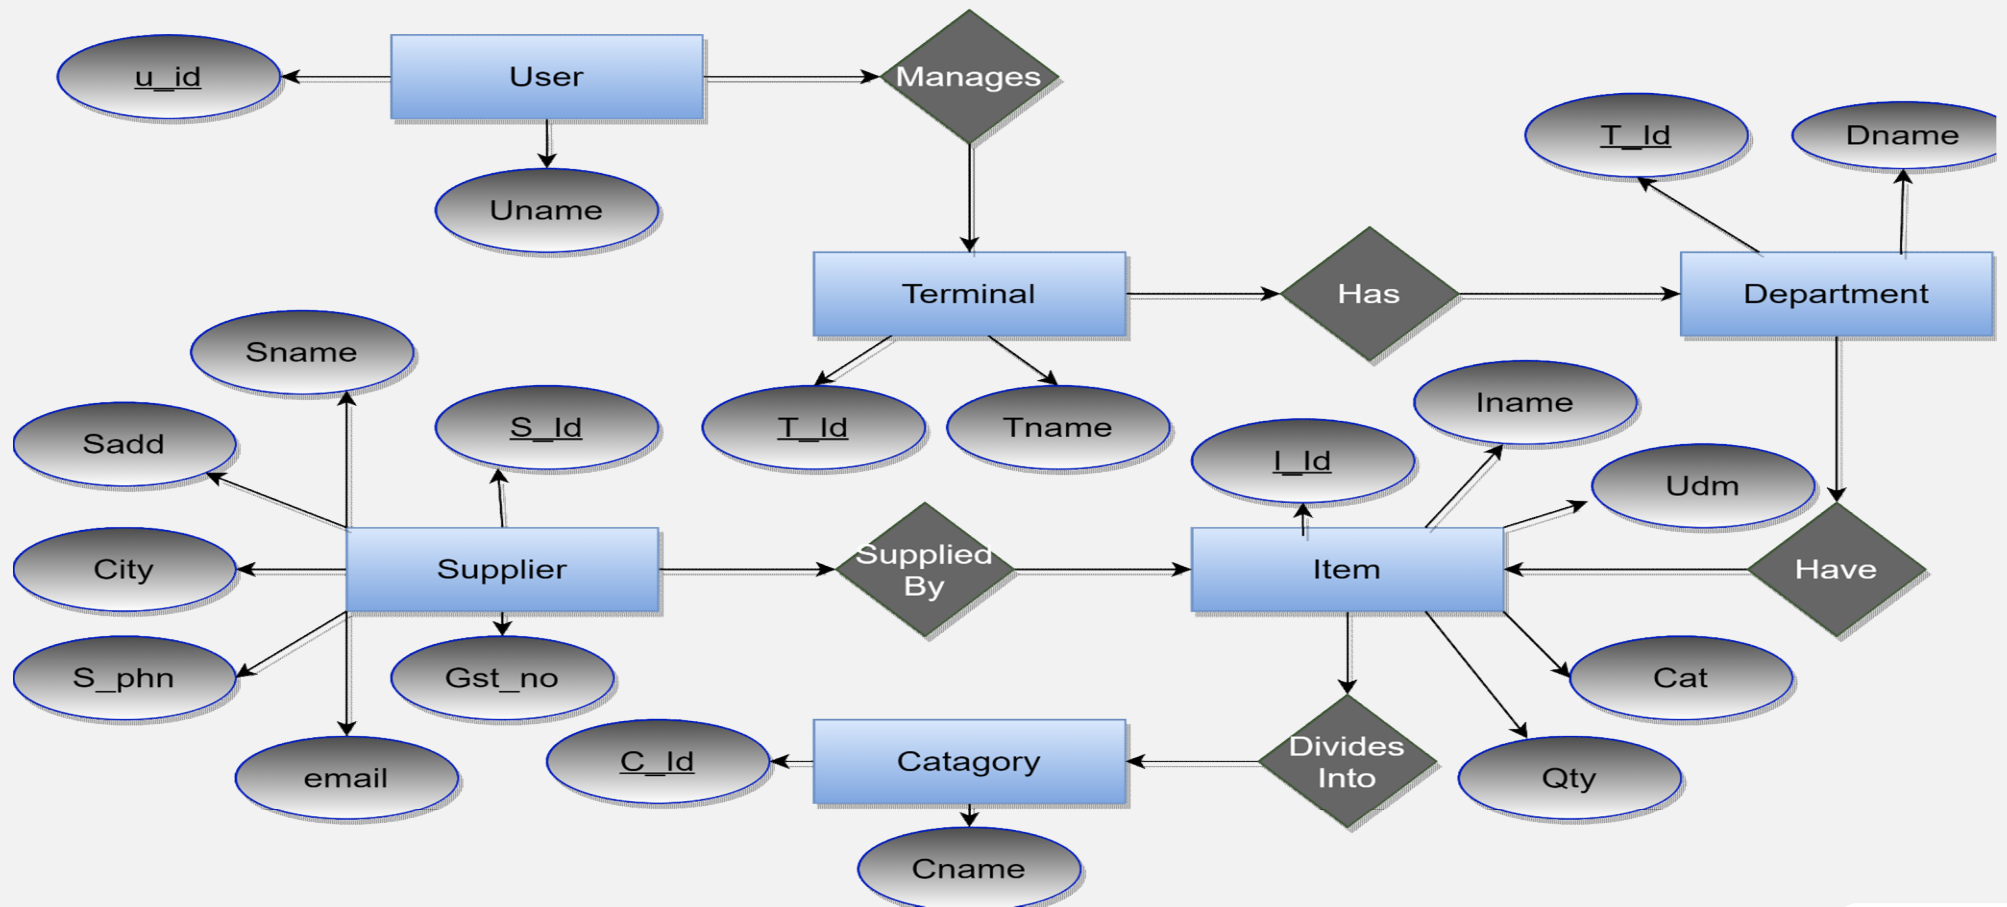

- Maintain Outward
- Material Issue Department Wise

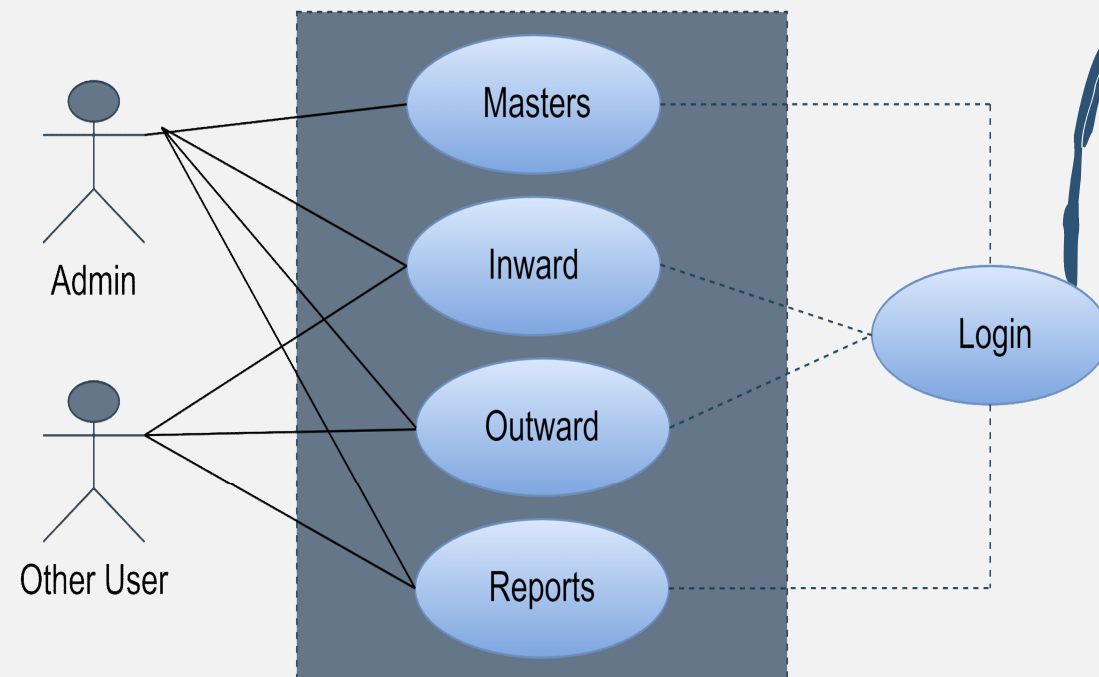

Reports

- Maintain date wise report
- Item wise And Department wise report
